

**Sheri Hall (ASCP), RAC** is the Vice President, Regulatory Affairs & Compliance for BD Biosciences in San Jose, California, and has over 30 years experience in most aspects of regulatory affairs and quality systems for the IVD industry. She holds overall responsibility for regulatory strategic planning, coordination, and completion of US submission activities, preparation of materials for global product registrations, and for regulatory compliance activities. She is also responsible for monitoring new legislation and global regulations that impact Biosciences pre-market activities, product labeling, promotion and advertising, import/export, and compliance programs. She is a member of many professional organizations, and has served as a program speaker for industry conferences. Prior to joining BD Biosciences, she held regulatory and quality positions at Beckman Coulter, Inc., and in the clinical laboratory as a Medical Technologist and Medical Technology Education Coordinator. Ms. Hall holds a B.S. degree in Medical Microbiology and a Certificate in Quality Management from California State University at Long Beach, and is licensed by the ASCP and the State of California as a Clinical Laboratory Scientist. She received her RAC Certification in 1997.
